Way to go Mark!

Attached are comments from CB and I on HBCD.

As I noted yesterday the document is indeed improving.

Overarching concerns are related to:

## Ex. 5 Deliberative Process (DP)

It would be good to have 2 separate meetings today if we can pull it off:

1 with the exposure leads

1 with the hazard leads

Happy to start with 30 minutes each and then we can plan an attack to get to yes. I'm happy to work with the team to get the HH where it needs to be.

Adding comments to your dioxane draft this morning..stay tuned for that.
